LIST OF TABLES xi  
LIST OF FIGURES xiv  
ACKNOWLEDGEMENTS xv

Chapter

1. INTRODUCTION . . . . . 1

- Importance of the Study
- Historical Background of Women at Dallas Theological Seminary
  - The First Fifty Years
  - The Development of Degree Programs
  - The Growth of Women Students
  - The Growth of Women Faculty
- Summary
- Rationale for this Study
  - Strengthening Dallas Seminary’s Training of Women
  - Definitions of Leadership
  - Women as Leaders
- Research Question and Anticipated Results
- Research Design of the Study
- Limitations
- Definition of Terms
- Preview of Remaining Chapters

2. PREVIOUS RESEARCH AND LITERATURE REVIEW . . . . . 20

- Biblical-Theological Basis of the Study
  - Old Testament Evidence
  - New Testament Evidence
  - Conclusion
- Literature Overview
  - Leadership Styles of Women
    - Biological Research
    - Secular Research
    - Biblically-based Research
  - Similarities in Leadership Styles Personal Challenges
  - Conclusions

The Leadership Challenges of Women in Christian Ministry  
 Personal Challenges  
 Interpersonal Challenges  
 Skill Development Challenges  
 Vocational Challenges  
 Conclusions from the Research

3. PROCEDURE AND RESEARCH METHOD . . . . .76

Research Question and Hypotheses  
 Research Method  
 Population  
 Development of the Instrument  
 Description of the Instrument  
 Procedures for Collecting the Data  
 Procedures for Analyzing the Data

4. RESEARCH FINDINGS . . . . .90

Introduction  
 Current Description of Survey Respondents  
 Age of Respondents  
 Ethnicity  
 Current Residence  
 Marital Status  
 Wives of Men in Ministry  
 Number and Ages of Children  
 Church Affiliation  
 Current Ministry Involvement  
 Vocational Ministry  
 Volunteer Ministry  
 Employment in a Secular Job  
 Reasons for Leaving a Salaried Ministry Position  
 Description of Respondents While Students at DTS  
 Age When Entering DTS  
 Age at Time of Graduation  
 Year of DTS Graduation  
 Degree(s) Earned  
 Location of Campus of Attendance  
 Marital Status While Attending DTS  
 Spiritual Formation Participation  
 Completion of Internship

|   |      |
|---|------|
| Ministry Placement of Women Alumnae Following DTS Graduation      |      |
| Length of Time to Gain a Paid Ministry Position                   |      |
| Factors that Influenced Not Securing a Salaried Position          |      |
| The Impact of Being a Woman on Placement                          |      |
| Relational Issues of DTS Women Alumnae . . . . .                  | .117 |
| Relational Issues While at DTS                                    |      |
| Relationships of Women Students with Faculty at DTS               |      |
| Equal Treatment to that of Male Students                          |      |
| Respect of DTS Faculty  |      |
| Relationships of Women Students with Male Students at DTS         |      |
| Acceptance by the Male Students                                   |      |
| Respect of the Male Students                                      |      |

| 3. Residence of Respondents                           | 93   |
| 4. Marital Status of Respondents                      | 94   |
| 5. Length of Husband's Full-time Ministry             | 95   |
| 6. Number of Children                                 | 96   |
| 7. Church Affiliation or Denomination of Respondents  | 98   |
| 8. Ministry Distribution of Respondents               | 100  |
| 9. Age of Respondents at Entrance to DTS              | 105  |
| 10. Age of Respondents at Initial Graduation from DTS | 107  |
| 11. Marital Status of Respondents While Attending DTS | 111  |
| 12. Length of Time to Gain a Paid Ministry Position   | 115  |
| 13. The Impact of Being a Woman on Ministry Placement | 117  |
| 14. Volunteer Ministry of Respondents                 | 129  |
| 15. Number of Close Women Friends of Respondents      | 141  |

## ACKNOWLEDGEMENTS

Since my early years as a Christian, 1 Thess 5:24 has guided my life... “Faithful is He who calls you, and He also will bring it to pass.” God has proved Himself faithful once again in calling me to something far beyond anything I could have humanly done...and to Him I give my praise and thankfulness as I complete this DMin project.

In addition, I am so very grateful to the many friends who came alongside me to bring this project to completion. Dr. Jerry Wofford and Dr. Gene Pond, along with my two readers, Dr. Andy Seidel and Dr. Jeannette Shubert, assisted me in designing the survey. Lynn Etta Manning helped format the survey, cover letters, and postcards, as well as proof-read the final copy. Carisa Ash, Sue Edwards, Nikki English, Sandi Glahn, Vickie Kraft, Jerry Lawrence, Laurie Ledbetter, Lynn Etta Manning, Peggy Misura, Laurie Weber Norris, Wendy Roberts, Jeannette Shubert, Kari Stainback, and Sue Tyler were all part of the pilot study, offering many helpful suggestions in the final development of the survey.

Dr. Doug Cecil, Director of the DTS Department of Alumni and Church Relations, gave permission to send the survey to all the DTS women alumnae and provided the mailing labels. Evelyn Babcock, Sarabeth Sanderson, Jane Schertz, and Peggy Misura offered their time to help stuff envelopes and enjoy a fun evening of fellowship together. After the surveys were returned, Laurie Weber Norris put in many more hours than she ever anticipated transcribing 150 single-spaced pages of comments written by the women alumnae.

The writing of this dissertation was enhanced by the detailed reading and responses by my two readers, Dr. Andy Seidel and Dr. Jeannette Shubert, as well as the professional editing done by Dr. Elaine Huber and the formatting help done by Jeff Welsh. Months of prayer and encouraging words were given by my brothers and sisters in the Christian Education Department, the Center for Christian Leadership, and Northwest Bible Church, as well as many DTS students, my family, and friends. I want to especially thank Jerry Lawrence (who shared the DMin journey as a student herself) and my partner in ministry, Sue Edwards.

Finally, there is no way to adequately thank Dr. Gene Pond, DTS Director of Institutional Research and Effectiveness, for his hours and hours of computing the data and generating all the tables and charts. He was extremely patient and long suffering with my limited computer skills and graciously worked for many months with the large amount of data from the survey.

This DMin project was conceived from a deep desire to enhance the ministry preparation of women students at DTS and to contribute to the mission of the seminary to equip men and women as “godly servant-leaders.” The results of the DTS women alumnae survey confirm the important need for men and women to partner together in ministry in order to most effectively glorify God. May this research help to strengthen Christian ministry and encourage many to follow Jesus Christ.
